# COOLCASC® GROUPS

COOLCASC, company n°1 in helmet covers, also produces a range of customizable covers, which can be tailored to your design. We have six different fabric options, offering something for every requirement and budget.

2 PATTERNS + 6 FABRICS = MULTIPLE OPTIONS FOR CUSTOMIZED COVERS

This universal cover can also be used for bike helmets although the bike specific cover has a better fit.

## **COOLCASC® BASIC Identification and security at low prices!**

When you take a group skiing, you may need to quickly distinguish them from the rest of the skiers on the slopes, especially from all the black rental helmets! Coolcasc® Basic is the simplest way to identify your group, whether it's a school, ski club, or simply any other sport group that wants to create their own exclusive image, Coolcasc® gives you the ability to be easily identified.

Customized COOLCASC® Lycra® helmet covers for groups. 8 basic colours in stock: green, yellow, blue, black, red, green flour, orange flour and pink.

Customization by printing logos and texts is available. This service is individually quoted after image files have been received. The printing procedure may be transfer or textile vinyl. Depending on the complexity of the logo; colours used, size of logo, text to printed etc. the Jet cover may be more viable than the Basic covers.

# COOLCASC® CUSTOM COLORS Identification and security in different colours!

COOLCASC® custom helmet covers are available in 30 different solid colours and made from great quality lycra®, they are very durable and can last 6-7 years.

With COOLCASC® CUSTOM COLOURS you can choose your corporate, club or organisation's colour and get noticed. If you cannot find the colour you want, ask us about the MOQ for your special request. Printing will be quoted individually. Customised helmet covers for groups can be printed with any logo or text by silkscreen or digital printing. For certain designs with several logos and colours the Jet option may be more useful.

This collection is produced under request.

**MOQ 350-400 pcs.**

**Important:** This colour palette is for guidance only. When placing your order, please request a fabric sample from your

## COOLCASC® JET A

Jet A is the highest quality on COOLCASC® Customized collections. Double layer lycra® makes this collection the most durable and resistant of our customized helmet covers. They will last for over 7 years.

Jet A is the best choice if you want an exclusive design, different to our COOLPRINT collection.

## COOLCASC® JET B

These helmet covers are designed for 100% customization with affordable prices. They are very durable and will last for at least 5 seasons. Jet B covers have a shiny finish and are single layered Lycra®.

Jet B it's also ideal for groups wishing to use the cover for advertising or merchandising. The helmet cover thus becomes a visible and moving advert in races or events.

## COOLCASC® JET BIKE

Jet BIKE is the ideal collection for cycling teams or groups looking for completely customized equipment. It's also ideal for cycling groups wishing to use the cover for advertising or merchandising. The helmet cover thus becomes a visible and moving advert in cycling races or events.

The covers are made of micro perforated lycra® which allows increased air flow whilst at the same time improves the aerodynamics.

The very light single layer of matt lycra® is an important development as it avoids adding extra weight to the helmet. In addition the covers prevent insects from getting inside the helmet, perfect for those helmets without a net inside.

The printing is done by sublimation so any design can be achieved without limiting the colours and we can even print photos or images.

## COOLCASC® WATER PROOF

Helmet Covers are made of water-proof lycra®, they have been developed to be impermeable. They complete the look and are becoming an essential part of cycling equipment to avoid getting wet on rainy days.

## COOLCASC® Seats

Seat covers complete the cycling customized pack, made of water-proof lycra® with a matt finish and sublimation printing.

They are a good option for customizing urban bike fleets that also allows the seats to stay new and clean.

## COOLCASC® Bags

We offer a complete customized pack with drawstring bags to protect and store the helmet and any sporting accessories that may be needed.

Printed by sublimation, they can be 100% customized and can also be used as a back pack.

- Size: 36,5 x 41cm
- Composition: 100% polyester
